

## End The BBC Licence Fee "Extraction"

Dear Prime Minister

It is my opinion that the BBC, funded by the obligatory licence fee, has grown out of all proportion to what - I am sure - was the original intention when it was first established. Were it to be properly controlled and managed, like any other commercial organisation, it would have had to compete fairly within the media market, or go to the wall. Unfortunately, it has a grossly unfair position in the market, yet seemingly continues to act totally without controls, in a manner unlike the rest of the country.

Furthermore, I do not see why MY licence fee should fund the excesses of the BBC, such as hot-air balloons, big-event 'jollies', and the huge (growing) website that threatens to dominate the internet, to the cost of many smaller, independent organisations.

I NO LONGER FEEL THAT I SHOULD PAY AN ANNUAL LICENCE FEE FOR THE BBC.

IF I MUST PAY A FEE, I WOULD PREFER IT TO GO TO ARM OUR FORCES.

I WOULD PREFER NOT TO PAY ANY FEE, BUT TO KEEP IT FOR MY OWN USE.
